PROFILE

Accomplished developer with 3+ years of experience in backend and frontend development, delivering scalable solutions across projects serving over 10,000 users. Expert in designing robust backend systems and enhancing user experiences, leading to a 30% improvement in performance. Proficient in leveraging cutting-edge technologies, increasing development efficiency by 25%, and fostering innovation in fastpaced environments.

SKILLS

HTML, Cascading Style Sheets (CSS), JavaScript, Node.js, Express.js, RESTful APIs, MySQL, MongoDB, PHP, Git, Docker, Redis, Amazon Web Services (AWS), Vercel, Elasticsearch

PROFESSIONAL EXPERIENCE

Software Developer, Kabia Travels *⊗*

Dec 2023 - present | Jhansi, India

- Spearheaded backend services with Node.js, Express.js, and MongoDB, boosting data handling and storage efficiency by 30%.
- Enhanced caching strategies with Redis, elevating application performance and enhancing response times by 25%.
- Coordinated with cross-functional teams to design and deploy app and website solutions, increasing the project success rate by 20% and customer satisfaction by 15%.

Software Developer, Cedcoss Technologies &

Jun 2021 - Oct 2023 | Lucknow, India

- Curated intuitive user interfaces using HTML, CSS, and JavaScript, increasing user engagement by 30%, while collaborating with cross-functional teams to deliver projects 20% faster.
- Architected and optimized backend systems using Codeigniter 3, PHP, Node.js, Express.js, and MySQL, improving data processing efficiency by 40% and boosting application performance by 35%, while leading a team of 5 developers.
- Engineered and scaled the Fooddesk platform for up to 10,000 users, enhancing allergen data management and digital recipe software, improving user efficiency by 20%.
- Refined and optimized system performance, reducing response time by 30% and increasing platform reliability by 25%.

Web Developer - Internship, Croblaze India

Feb 2020 - Sep 2020 | Greater Noida, India

- Formulated and implemented responsive front-end web pages using HTML5, CSS3, and Bootstrap, elevating UI responsiveness and aesthetics.
- Enhanced website performance by reducing load times by 25%, improving overall user experience through refined coding practices.

PROJECTS

Amazon-S3 Simple Cloud Storage ∅

Mar 2024 - Apr 2024

- Engineered a robust RESTful API using Node.js, Express.js, and MySQL for a cloud storage service, enabling over 5,000 users to upload, manage, and share files seamlessly.
- Implemented secure endpoints for file operations, user authentication using bcrypt, and role-based permission management.

Real-Time Chat Application &

Dec 2023 - Jan 2024

- Created a real-time chat application with Node.js, Express.js, and Socket.IO, enabling seamless multi-user communication in chat rooms.
- **Streamlined** the application for efficient real-time data exchange and scalability, achieving a 50% reduction in latency and improving performance to handle high volumes of simultaneous users.

News Aggregator API ∂

Nov 2023 - Nov 2023

- Architected a RESTful API using Node.js and Express.js, incorporating user registration, bcrypt for password hashing, and JWT for token-based authentication, supporting over 5,000 users with secure and efficient access management.
- Ensured secure access and effective user management by implementing stringent authentication and authorization measures.

Task Manager API ∂

Oct 2023 - Oct 2023

- Built and deployed a scalable RESTful API using Node.js, Express.js, and MongoDB, supporting comprehensive CRUD operations for task management.
- Used Postman and CURL for testing, achieving 99% API reliability and cutting response times by 35%.

EDUCATION

Bachelor of Technology,

IEC College Of Engineering And Technology Aug 2017 - Aug 2021 | Greater Noida, India Percentage: 82.2%

CERTIFICATION

Backend Engineering, Airtribe &

Oct 2023 - Apr 2024

• Completed a Backend Engineering course, acquiring and applying advanced skills in JavaScript, Node.js, Express.js, MongoDB, SQL, Mongoose, Docker, REST API, Nginx, AWS, and Redis through practical implementation.
